

## JAMES BOYLE FOUND GUILTY

Convicted of Kidnapping Willie  
Whitla of Sharon, Pa.

### STRONG CASE AGAINST HIM

Prisoner's Attorneys Did Not Even  
Offer Any Defense in Behalf of  
Their Client—Jury Out But a Few  
Minutes—Trial of Mrs. Boyle Imme-  
diately Begun—She Is Charged With  
Abetting the Kidnapping.

Mercer, Pa., May 7.—James Boyle,  
charged with kidnapping Willie Whit-  
la, was convicted after a trial lasting  
only a few hours. No defense was  
made and the jury was out only a few  
minutes.

Mrs. Boyle, indicted under the name  
of Mary Doe, with half a dozen  
aliases, was immediately placed on  
trial, charged with aiding and abet-  
ting the kidnapping. Hardly had the  
jury been sworn in the woman's case  
when the lawyers became engaged in  
a legal argument regarding the admis-  
sion of certain testimony and the  
case was adjourned for the day.

The first witness called by the state  
in Mrs. Boyle's case was Miss Ella  
Boyle, a sister of James Boyle. Ap-  
parently from the line of questioning  
the prosecution wanted to prove by  
her that the kidnapping conspiracy  
was formed when Mrs. Boyle was  
visiting in Sharon with her husband  
and that she was implicated in it. It  
is surmised the object of this is to  
overcome her contention that she  
could not have violated a law in this  
state when she was living in Ohio.

#### Bitter Legal Battle Probable.

From the earnestness with which  
the defense opposed the questions  
asked it is believed a great deal will  
depend upon the court's decision as  
to the admissibility of the testimony.  
It is believed this will be only the be-  
ginning of a long and bitter legal  
wrangle.

Mrs. Boyle took a prominent part in  
the selection of her jury, prompting  
her attorneys in numerous cases and  
evidencing a preference for young  
married jurors. The jury selected  
contains four members of the jury  
that convicted Boyle.

That Boyle's trial came to such an  
abrupt ending immediately after the  
state had rested was due to the fact  
that so strong a case had been made  
against him. From the night before  
the abduction when he was seen in  
Sharon till the time of his arrest in  
Cleveland, almost every movement he  
had made was testified to by one or  
more witnesses. A man who hired  
him a horse and buggy, another who  
saw Boyle driving with Willie in the  
buggy, the barber who saw the two  
together and shaved off Boyle's  
moustache, train and electric railway  
conductors, all told stories which  
fitted in perfectly with that of Willie  
Whitla and left no doubt as to the  
part Boyle had taken in the case.

When the state rested, counsel for  
the defense held a consultation and  
announced that they would offer no  
evidence. The court at once summed  
up the evidence, gave the case to the  
jury and a verdict was agreed upon  
in a few minutes.

The penalty is from one year to a  
life sentence in the penitentiary. Sen-  
tence has not been pronounced.

disposition."

"No; a humorist."—Houston Post.

### Today and Yesterday.

Changes in What We Wear And  
What We Eat.

The steamship replaced the sailing  
vessel, the electric light succeeded the  
oil lamps, and we have no need, nor de-  
sire to "trade back." Our health is  
just as good and we can crowd that  
much more work and play into the  
day of twenty-four hours.

Foods have changed, too. Corn bread  
and wheat flour share honors with  
dainty yet substantial "prepared foods."

People now realize the necessity of  
stomach care. They eat more fruit and  
green stuffs and cereals and the health is  
better for it.

The old fashioned breakfast of "beef-  
steak, potatoes and bread" or "bacon  
and eggs and muffins" are replaced by  
E-C Corn Flakes or Egg-O-See Wheat  
Flakes and fruit, and our health is  
better for it. All the nourishment of  
grain is retained in the crisp flakes,  
and it's no task for the stomach.

Children grow fat on it. Invalids gain  
strength on it and man can do a bet-  
ter day's work on it than to load his  
stomach with meats and heavy foods.  
Remember always it's the "Egg-O-See"  
brands that are "made right." Watch  
for the E-C Mark on the package.

## CHARGES HELD TO BE UNTRUE

No Foundation for Those Made  
by Frank T. Wagner.

### VERDICT OF THE COMMITTEE

Exonerates Wisconsin Assemblymen  
of Charge of Having Been Bribed  
by J. H. Puelicher Through M. J.  
Regan—Investigation Shows Room  
Detective Occupied in Milwaukee  
Hotel Has No Transom Between It  
and Adjoining Rooms.

Milwaukee, May 7.—"Untrue and  
without foundation" was the verdict  
returned by the senate investigation  
committee sent here to look into the  
story told before the legislature by  
Frank T. Wagner, charging Assembly-  
men Farrell, Towne and Ramsey with  
having been bribed by J. H. Puelicher  
through M. J. Regan. Investigation  
of room "153" at the Plankinton  
House developed that there is no transom  
between it and adjoining rooms,  
thus knocking the foundation out of  
Wagner's story that he peeped  
through the same and saw Matt J.  
Regan of Milwaukee give the assembly-  
men packages of money.

Senators Marsh and Husting, who  
made the investigation, called upon  
Manager Green and House Detective  
Hyde of the Plankinton and after  
looking over the surroundings and con-  
sulting the hotel records decided that  
there could be no truth in the Wag-  
ner story.

Madison, Wis., May 7.—Frank T.  
Wagner, the Milwaukee private detec-  
tive who made the astonishing state-  
ment to the senatorial investigating  
committee that he saw money handed  
to Democratic assemblymen in the  
Plankinton hotel, with J. H. Puelicher  
as "payer" and M. J. Regan as "go be-  
tween," clung to his story under a  
stiff cross-examination by Attorney W.  
E. Black for Stephenson.

The attorney took the witness over  
the same ground covered by him  
twice in his recent testimony the pre-  
vious day, but his story remained un-  
shaken. He declared he saw no rea-  
son to change one iota of his testi-  
mony and said he knew the conse-  
quences of giving false testimony.

Edward L. McMahon was questioned  
by the committee with regard to his  
part taken in the Stephenson cam-  
paign. He said he believed several  
legislative candidates received finan-  
cial assistance during the campaign  
and that at least four of such candi-  
dates were elected and supported  
Stephenson in joint assembly.

### INJUNCTION IS CONTINUED

St. Louis Enjoined From Prosecuting  
Suit Against Railroad.

Kansas City, Mo., May 7.—Judge  
Smith McPherson in the federal court  
here continued in force the tempo-  
rary injunction recently granted by  
Judge John S. Phillips restraining Sie-  
bert Jones, circuit attorney of St.  
Louis, from prosecuting the suit filed  
by him in the circuit court of that  
city seeking to restrain the railroads  
of Missouri from charging a 3-cent  
passenger rate. No other state offi-  
cers are included in the injunctive or-  
der, which is to remain in force "un-  
til differently ordered by this court."  
The order contained the reservation,  
however, that supplemental orders  
might be issued against other persons  
should subsequent events demand  
such action.

Judge McPherson said the order did  
not include Attorney General Major  
and members of the state railroad and  
warehouse commission, because they  
had stated under oath that they had  
not inspired or encouraged the St.  
Louis suit and did not intend to have  
anything to do with it in the future.

The order applies to all "attorneys,  
servants and employees" of Circuit  
Attorney Jones.

Judge McPherson based his decision  
upon the belief that the purpose of  
the St. Louis suit was to relitigate  
questions settled by him in his final  
decision on the Missouri rate cases is-  
sued March 8, 1909.

Incendiary Fire Threatened to De-  
stroy a Nebraska Town.

Norfolk, Neb. 7.—Fire threatened  
to destroy the town of Plainview. A  
gale of wind carried burning brands  
over the entire town. Men and wo-  
men fought the flames for nearly five  
hours. The Methodist church, the  
floor of which had been saturated with  
gasoline, the parsonage and another  
dwelling were burned. The town re-  
cently went dry, and enemies of the  
prohibitionists are credited with hav-  
ing started the blaze.

## SCORES FATUOUS PEACE ADVOCATES

Theodore Roosevelt Also Warns  
Mikado of Japan.

New York, May 7.—Theodore Roose-  
velt in this week's issue of the Out-  
look raps over the knuckles those who  
have been trying to prevent strength-  
ening of the American navy, and in-  
cidentally warns the mikado of Japan  
that unless he takes measures to pre-  
vent the coming here of Japanese  
workmen and tradesmen in large  
numbers the United States govern-  
ment will be compelled to take the  
matter into its own hands.

He adds that it will be incumbent  
on this government to proceed in a  
manner that would provoke the least  
possible friction and cause the least  
possible hard feelings.

"We have the right to say what im-  
migrants shall come to our shores,"  
says Mr. Roosevelt, "but we would be  
powerless to enforce this right unless  
we continue to build up and maintain  
a first-class fighting navy."

"Those well meaning but fatuous  
advocates of peace who would try to  
prevent the upbuilding of our navy  
would accomplish nothing except to  
handicap this country in the event of  
war, for America would fight if neces-  
sary whether prepared or not."

"In effect the professional peace ad-  
vocate who wishes a stoppage of  
naval construction would put us in a  
position where we would be powerless  
to protect our interests or take a  
stand for the international honor or  
international righteousness."

### PEACE ADVOCATES MEET

Those Who Favor International Arbi-  
tration Convene in Washington.

Washington, May 7.—Advocates of  
international peace through arbitra-  
tion met at the New Willard as guests  
of President James B. McCreary of  
Kentucky and directors of the Ameri-  
can Peace and Arbitration league.  
Secretary of State Knox was guest of  
honor, it being the fifty-sixth anni-  
versary of his birth.

Among the speakers were Ex-Sena-  
tor McCreary, Ambassador Bryce of  
Great Britain, Minister Portela of the  
Argentine Republic, Justice Brewer  
of the supreme court, Senator Taylor  
of Tennessee, Speaker Cannon and  
Henry Clews of New York. Guests in-  
cluded many of the most prominent  
men in public life and members of  
the diplomatic corps.

The object of the league is to "pro-  
mote adequate armament and effec-  
tive arbitration as co-relative agencies  
for national security and international  
peace and justice." This was the  
keynote of speeches.

### GOLD FIND'S ANNIVERSARY

Fifty Years Ago Today Mining Began  
in the Rocky Mountains.

Idaho Springs, Colo., May 7.—This  
town is celebrating today with  
speeches and meetings the fiftieth an-  
niversary of the discovery of gold in  
the Rocky mountains.

On May 7, 1859, a mining company  
headed by George W. Jackson, the  
discoverer of the precious metal at  
Jackson's bar, within the present city  
limits, began placer mining upon the  
first paying deposits of gold ever  
opened in the Rocky mountains.

### STRIKE ON THE GREAT LAKES

Likely to Be Extended to Every Class  
of Labor.

Buffalo, N. Y., May 7.—The lake  
strike, which now includes only men  
on board freight steamers of the Lake  
Carriers' association, may be extended  
to the tugmen, dockworkers and  
practically every class of labor used  
in handling freight on the Great  
Lakes.

The officials of the seamen's union  
profess to be satisfied with the situa-  
tion so far as their strike is con-  
cerned. They characterize as ridicu-  
lous the claims of President Living-  
stone of the Lake Carriers' association  
that the most serious problem con-  
fronting the association is to obtain  
cargoes.

Many vessels, the union men claim,  
have been tied up here ever since the  
opening of navigation solely because  
of lack of men. But there is a de-  
mand from the rank and file that the  
longshoremen cease handling cargoes  
brought in by nonunion crews.

This presents a serious problem and  
if carried into effect will mean the  
complete tie-up of traffic.

T. V. O'Connor, president of the In-  
ternational Longshoremen, Marine and  
Transport Workers' association, has  
called a meeting of the national pres-  
idents of the five organizations under  
the jurisdiction of the longshoremen.  
It will be held here on Saturday. Con-  
ferences with the strike leaders will  
follow and important developments  
are expected.

#### Gotch Defeats Beell.

Denver, May 7.—Frank Gotch de-  
feated Fred Beell in straight falls in  
a wrestling match here. The match  
was drawn out in the first fall, Gotch  
permitting Beell to take any hold he  
chose, which the big fellow broke at  
his pleasure. The first fall went 24  
minutes, 36 seconds. In the second  
fall Gotch lifted Beell clear of the  
mat and placed him on his shoulders  
after 30 seconds.

### NOW UP TO THE EMPEROR

Outcome of Ministerial Crisis in Rus-  
sia Depends Upon His Action.

St. Petersburg, May 7.—The out-  
come of the Russian ministerial crisis  
is now entirely dependent upon the  
emperor's line of action, as Premier  
Stolypin's exhaustive report, based on  
the cabinet meeting of May 4 and  
just submitted to his majesty, left  
no doubt in the emperor's mind that  
the cabinet is a unit in favor of sanc-  
tioning the naval bill. The premier  
had a long audience with the emperor  
at Tsarskoe Selo, and while the pri-  
mary demand was for his majesty's  
approval of the bill creating a gen-  
eral staff for the navy, the underlying  
object was to force the emperor to  
disassociate himself from the hostile  
campaign of the reactionaries and  
courtiers close to him.

The painful necessity of the retire-  
ment of the cabinet in case of an ad-  
verse decision was delicately implied  
and the emperor announced that he  
would take the matter under consid-  
eration for a few days. Recent con-  
ferences furnish no indication of the  
nature of the emperor's ultimate de-  
cision.

Investigation of room "153" at the Plankinton House developed that there is no transom between it and adjoining rooms, thus knocking the foundation out of Wagner's story that he peeped through the same and saw Matt J. St. Petersburg, May 7.—The outcome of the Russian ministerial crisis is now entirely dependent upon the emperor's line of action, as Premier Stolypin's exhaustive report, based on the cabinet meeting of May 4 and just submitted to his majesty, left no doubt in the emperor's mind that the cabinet is a unit in favor of sanctioning the naval bill. The premier had a long audience with the emperor at Tsarskoe Selo, and while the primary demand was for his majesty's approval of the bill creating a general staff for the navy, the underlying object was to force the emperor to disassociate himself from the hostile campaign of the reactionaries and courtiers close to him.

The painful necessity of the retirement of the cabinet in case of an adverse decision was delicately implied and the emperor announced that he would take the matter under consideration for a few days. Recent conferences furnish no indication of the nature of the emperor's ultimate decision.

Partly cloudy tonight and Saturday; warmer tonight.

### May 7 In History.

973—Otto the Great of Germany died, born 912.  
1774—William Bainbridge, American naval hero, born; died 1833.  
1804—Frances Elizabeth Barrow, "Aunt Fanny," popular American author and writer for children, died; born 1812.  
1900—Lord Roberts' troops crossed the Vaal and Vet rivers; President Kruger called all the Transvaal Boers to arms.

### ASTRONOMICAL EVENTS.

Sun sets 6:58, rises 4:46; moon rises 9:25 p. m.

THE Second district may have State Treasurer Dinehart as a candidate for congress next year.

WM. R. MERRIAM would like to have charge of the coming census as director, a position he held ten years ago.

AND now some fellow runs to the rescue of the peach basket hat with the statement that it is all right if there is a peach under it, a lemon would spoil the effect.

THE anti-cigarette law has just been passed and not yet in force, and now comes the news that the American Tobacco Co. has decided to cultivate a ten acre tract of the finer grades of tobacco this season near Park Rapids as an experiment.

THE city should be beautified now by a general clean-up. Give the back alleys a chance to look tidy and neat as well as your yard, for a clean yard with a filthy alley attachment presents the same appearance as a man with a plug hat, slouchy clothes and slovenly shoes.

THE best corn grown in Minnesota last season was raised on the farm of C. B. Berry near Aitkin, the result being shown by experimental tests by the state agricultural school. Northern Minnesota is in the corn belt and our neighboring county of Aitkin is to be congratulated for having shown the world.

THE official sprinkler at St. Cloud has thrown up his contract with the city because he says he cannot fill its requirements and come out even if he has to hire union labor. It is a wise plan for cities as well as individuals to do business with parties who know where they are at before they contract to do certain things.

A GROCERY clerk on the pay roll at \$16 per week that can finance two families, including the purchase of spring millinery, sets an example to the Chicago man who claims he cannot support one family on his salary and pay his bills, that should be looked into. If the explanation offered will solve the problem the prosecution for bigamy should be dropped.

THE appropriation of \$50,000 by the legislature with which to construct a building to be devoted to the study of homeopathic medicine at the state university is creating some discussion among the regents. There are three students of that school in the university and the idea seems to prevail that a \$50,000 building to house them in would be the limit. It looked alright to the legislature, how does it strike the public in general.

TEDDY has the natives of darkest Africa all pushed off the plank, and they are superstitious because of his accurate marksmanship. He made some pretty straight shots when he was president of the United States, and while it did not make the people of this country superstitious they stood in awe and held their breath wondering where lightning would strike next. The giraffe has Roosevelt buncoed so far on account of being able to run the faster of the two.

THE man who on Wednesday was complaining of the heat was on Thursday shoveling coal into the furnace and cussing the weather. Human beings

are hard to please but the weather man has certainly tried his best this spring if giving us all kinds of weather in as rapid succession as possible is any evidence of good faith on his part. Wednesday the thermometer stood at 80 in the shade and there were snow banks along the county roads from two to three feet deep, and that's going some.

ANOKA's electric light and water works plant has been appraised by two men, one selected by the city and one by the company, and they report the value of the entire plant to be \$51,033. The plant was installed in 1889 and is now twenty years old. The life of the major part of the machinery is given 20, 30, 40 and up to 50 years. The electric light plant is given as good for 30 years; the electric wiring from 30 to 40 years. Life of the white cedar poles, 10 to 12 years. Cast iron water pipes, from 50 to 75 years.

## CHI-NAMEL

### Gloss or Mission

This city never saw so many people buying varnish at one time as during the Chi-Namel demonstration at the Slipp-Gruenhagen store. The demonstrator was an expert and showed Chi-Namel to be a most remarkable varnish. The average varnish turns white when exposed to moisture. Chi-Namel neither turns white nor loses any of its gloss when subjected to boiling water. It does not crumble or chip off when struck a heavy blow. Makes a nice surface for floors, tables and all kinds of wood work in a home.

do business with parties who know  
where they are at before they contract  
to do certain things.

A GROCERY clerk on the pay roll at

## CHI-NAMEL

### Gloss or Mission

This city never saw so many people buying  
varnish at one time as during the Chi-Namel  
demonstration at the Slipp-Gruenhagen store.  
The demonstrator was an expert and showed  
Chi-Namel to be a most remarkable varnish.  
The average varnish turns white when exposed  
to moisture. Chi-Namel neither turns white  
nor loses any of its gloss when subject-  
ed to boiling water. It does not crumble or  
chip off when struck a heavy blow. Makes a  
nice surface for floors, tables and all kinds of  
wood work in a home.

## REGULATE SALE OF WALL EYED PIKE

Hereafter None Can be Sold That are Caught in Lakes That Have Been Stocked

### LOCAL LAKES ARE AFFECTED

It is Understood That Gull Lake and Possibly Other Lakes are Included

The recent legislature enacted a law prohibiting the sale or the offering for sale of wall eyed pike caught in any lake or waters of this state which have been stocked or may hereafter be stocked by pike fry by the state fish and game commission. The penalty provided is a fine of from \$10 to \$50 and costs, or imprisonment of 10 to 60 days.

While no official list of the lakes in this section to which this law applies, has yet been received it is currently reported that Gull lake is among those affected.

The law, according to those in a position to know, will render it both easier and harder to enforce the laws than at present. It will of course be necessary to show in what lake pike are caught in order to convict, but it will not be necessary to prove that they were caught with a net or spear.

The same law imposes a like penalty on having wall eyed pike in one's possession outside of the open season.

### LADIES PLEASSED AT SUCCESS

Large and Interesting Meeting Thursday Night—Recital at Elks' Hall Tonight

The meeting of the 6th District of Women's Clubs opened at Elks' hall yesterday afternoon and the Ladies' Musical Club has every reason to feel grateful with the success of their first meeting.

Mrs. C. M. Patek, the district vice president presided, and called the ladies to order.

After an invocation by Mrs. Alice White, an address of welcome was given by Mrs. Irma Hartley, president of the Ladies' Musical Club in her usual happy manner.

Mrs. Barto, of Sauk Centre, former district vice president, gave a charming response in behalf of the visitors. A piano solo by Miss Schultz followed and Mrs. Patek then introduced Mrs. C. G. Higbee, of St. Paul, state president of the federated clubs.

Mrs. Higbee spoke most interestingly on the benefits of federated work among women showing what really wonderful results may be obtained in a comparatively short period by well organized work and explaining briefly what the Minnesota women have accomplished in the past few years.

A song cycle—April Hearts—was delightfully given by Mrs. Geo. LaBar, followed by an informal reception.

In the evening at the Congregational church, a most interesting and instructive talk and lecture were given by Miss Patterson, of Minneapolis and Christopher Easton, of St. Paul. The former told of the work of the visiting nurse and explained most clearly under what disadvantages she must often work and what beneficial results are often obtained in unenlightened homes through her work and influence. Mr. Easton, who is sent out by the state to give illustrated lectures on tuberculosis work, showed by charts the awful havoc wrought by this dreadful disease and how it may be stamped out by united effort. He explained what many countries, particularly Germany had done to lessen loss of life and urged that Brainerd people organize to fight tuberculosis when it exists among us.

Dr. Marclay, of Walker, was unable to be present. Musical numbers by Miss Wolfert, Miss Horn, Mrs. LaBar and Mr. Alderman, added much to the evening's entertainment. Friday morning, the convention opened with "America," sung by the association. The reports of the district officers was as follows: The treasurer's report by Mrs. B. F. Wright of Park Rapids, was read by Miss Marion Lewis, of Sauk Centre. The recording secretary's report was given by Miss Lewis and accepted by the convention. Following this was a beautiful piano solo by Miss Emma Edwards, of Brainerd. The reports of clubs were as follows: The St. Cloud Reading Room society report was given by Mrs. Jenks of St. Cloud. The report of the St. Cloud Sorosis club was given by Mrs. Molitor of St. Cloud. The Park Rapids Study Club report was given by Mrs. Tennis, of Park Rapids. The report of the Ladies Monday Musical club of Sauk Centre was given by Miss Maud White. The Sauk Centre Gradatim club report was given by Miss Marion Lewis of Sauk Centre. The Brainerd Musical club report was given by Mrs. J. A. Thabes. "The Significance of Renaissance and Revival of Learning" was read by Mrs. E. J. Lewis, of Sauk Centre. ### Tracy-Guild

Rev. W. S. Tracy arrived from St. Cloud Wednesday evening, accompanied by his bride, formerly Mrs. Mary Guild, of Santiago, and they are now visiting at the home of his daughter, Mrs. R. E. Tuttle and family. The wedding took place at St. Cloud at high noon Wednesday, the Journal-Press containing the following account of it: "The marriage of Mrs. Mary Guild and Rev. W. S. Tracy, both of Santiago, was solemnized yesterday at high noon at the home of Mr. and Mrs. Wm. Allen, at 110 Second street southeast, Rev. E. K. Copper reading the marriage service. The bride was gown in her traveling suit of grey broadcloth and was unattended. Among the out of town guests at the wedding were Mr. and Mrs. Bosworth of Sauk Rapids, Mr. and Mrs. Jacobson and Mrs. Gus Moeve and Miss Jessie Guild of Santiago, and Mr. and Mrs. Robert Tuttle of Brainerd. Mrs. Guild is well known in this section of the country, having made her home in Santiago for the past 40 years. The groom is also well known, having had charge of the Methodist church at Santiago for several months. Rev. and Mrs. Tracy left for Brainerd last evening where they will spend their honeymoon with Mr. and Mrs. Tuttle, and upon their return will be at home to their friends at Santiago."

Mrs. Tracy is one of the leading church workers of Santiago, and being a lady of means has for many years contributed a major portion of the money for the M. E. church at that place. They expect to remain in Brainerd until some time next week, when they will return to Santiago, where he is pastor of the M. E. church. The many Brainerd friends of Mr. Tracy extend hearty congratulations.

### LABOR TROUBLE IN FRANCE

Action of Government Employees is Open Revolt.

Paris, May 7.—The Posts, Telegraphs and Telephones Employees' association threw down the gage of battle to the government by transforming itself into a syndicate, or union, under the laws of 1884, thus placing the association on the same footing with workmen's unions with the right to strike against the state as workmen have to do against private employers. This defiance, which is nothing short of open revolt, came as a sudden and sensational sequel of Premier Clemenceau's failure to receive a deputation of postal employees who called to present demands for the redemption of promises which they claim the government made when the recent strike was declared off.

The government has given no sign as to what move it intends to make in answer to the postal employees' action.

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

### Tracy-Guild

Rev. W. S. Tracy arrived from St. Cloud Wednesday evening, accompanied by his bride, formerly Mrs. Mary Guild, of Santiago, and they are now visiting at the home of his daughter, Mrs. R. E. Tuttle and family. The wedding took place at St. Cloud at high noon Wednesday, the Journal-Press containing the following account of it: "The marriage of Mrs. Mary Guild and Rev. W. S. Tracy, both of Santiago, was solemnized yesterday at high noon at the home of Mr. and Mrs. Wm. Allen, at 110 Second street southeast, Rev. E. K. Copper reading the marriage service. The bride was gown in her traveling suit of grey broadcloth and was unattended. Among the out of town guests at the wedding were Mr. and Mrs. Bosworth of Sauk Rapids, Mr. and Mrs. Jacobson and Mrs. Gus Moeve and Miss Jessie Guild of Santiago, and Mr. and Mrs. Robert Tuttle of Brainerd. Mrs. Guild is well known in this section of the country, having made her home in Santiago for the past 40 years. The groom is also well known, having had charge of the Methodist church at Santiago for several months. Rev. and Mrs. Tracy left for Brainerd last evening where they will spend their honeymoon with Mr. and Mrs. Tuttle, and upon their return will be at home to their friends at Santiago."

Mrs. Tracy is one of the leading church workers of Santiago, and being a lady of means has for many years contributed a major portion of the money for the M. E. church at that place. They expect to remain in Brainerd until some time next week, when they will return to Santiago, where he is pastor of the M. E. church. The many Brainerd friends of Mr. Tracy extend hearty congratulations.

### LABOR TROUBLE IN FRANCE

Action of Government Employees is Open Revolt.

Paris, May 7.—The Posts, Telegraphs and Telephones Employees' association threw down the gage of battle to the government by transforming itself into a syndicate, or union, under the laws of 1884, thus placing the association on the same footing with workmen's unions with the right to strike against the state as workmen have to do against private employers.

This defiance, which is nothing short of open revolt, came as a sudden and sensational sequel of Premier Clemenceau's failure to receive a deputation of postal employees who called to present demands for the redemption of promises which they claim the government made when the recent strike was declared off.

The government has given no sign as to what move it intends to make in answer to the postal employees' action.

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Senator Cummins of Iowa Delivers an Address.

### AMUSING INCIDENT OCCURS

Senator Newlands Asks Iowan If the Republican Faction Striving for Revision of the Tariff Downward Had Formulated a Plan With Which the Democrats Could Unite in Order to Accomplish Their Purpose.

Washington, May 7.—But small progress was made in the consideration of the tariff bill by the senate, the lead schedule being under consideration. Senator Bristow made a strong fight against increases in the rates of the schedules over the duties provided in the house on the ground that such increases would unnecessarily increase the cost of paint, which the farmers use extensively. During the discussion, Senators Beveridge and Gallinger engaged in a sharp colloquy during which Mr. Gallinger accused the Indiana senator of "advertising his own wares."

Earlier in the day Senator Cummins addressed the senate in favor of lower duties, especially in the iron and steel schedules. He declared that the people would take matters in their own hands if the law did not check monopolies and said that in that event convenient lamp posts would be found.

An amusing situation occurred at the close of Senator Cummins' speech when that Republican progressive was asked by Senator Newlands whether the faction striving for a revision of the tariff downward had formulated a plan with which the Democrats could unite in order to accomplish their purpose. The question gave evident satisfaction to Senator Aldrich, but apparently Senator Culberson, the minority leader, was not so well pleased.

Would Have a Majority.

It was pointed out by Mr. Newlands that if the twenty progressive Republicans united with the thirty-one Democratic senators they would have a majority of the senate. Mr. Cummins remarked that the senator from Nevada had found more progressive Republicans than he had. Responding to Mr. Newlands' question, however, Mr. Cummins asked:

"Is the senator from Nevada authorized to speak for the thirty-one Democrats, when he propounds such an inquiry?"

"No," said Mr. Newlands, "because the thirty-one Democrats are powerless to accomplish anything here by taking the lead. The only way they could succeed in benefitting the country would be by following the lead of the progressive Republicans. I think if that Republican faction would get together on a programme for a revision of the tariff downward, the Democrats would respond favorably to the proposal."

"Are you making an official statement from the Democratic party, or merely a suggestion?" asked Mr. Aldrich.

Mr. Newlands replied that he spoke for himself, whereupon Mr. Cummins declared that the speeches favoring the highest duties had come from the Democratic side, so that he saw little hope of help from that quarter.

### AGAINST FEDERAL JUDGES

Charges of Impeachment to Be Filed by Congressman Murphy.

Washington, May 7.—Formal charges of impeachment against Federal Judges Phillips and McPherson of the Western district of Missouri are to be filed by Representative Murphy of that state, who made announcement of that fact immediately after the house adjourned.

Incensed over a telegram to Attorney General Wickersham by Frank Hagerman, attorney for eighteen railroads, in which Mr. Hagerman characterized Mr. Murphy's resolution of inquiry into the official conduct of the two judges as "an outrageous tissue of misrepresentation," Mr. Murphy held the attention of the house with a repetition of the charges which he had made in his original resolution. His colleague, Mr. Rucker, corroborated all he said in denunciation of the action of the two judges in connection with Missouri's 2-cent passenger rate law and the maximum freight rate law. Incidentally Mr. Rucker remarked that Judge Phillips ought to have been impeached twenty years ago.

### JUDGE H. L. PALMER IS DEAD

Prominent Mason Passes Away in Milwaukee.

Milwaukee, May 7.—Judge Henry L. Palmer is dead here. His death was due chiefly to old age.

Judge Palmer was for thirty-five years president of the Northwestern Mutual Life Insurance company, with headquarters in Milwaukee. He was one of the highest members of the Masonic fraternity in the world and until a short time ago was sovereign grand commander of the supreme council Ancient and Accepted Scottish Rite of the northern jurisdiction of the United States. He was eighty-nine years of age.

## Eye Strain Headache

Toledo, Ohio, lady tells how headaches disappeared with the use of Dr. A. W. Chase's Nerve Pills.

Women who use their eyes much for reading or fine needlework are sure to find eye-strain and nervous, sick headaches among the first symptoms when the nervous system gets run down.

As a positive cure for headaches, not mere relief but cure, Dr. A. W. Chase's Nerve Pills stand without a rival because they get at the cause of the trouble and build up the nervous system to health and strength.

Mrs. K. Kramer, 31 Summit St., Toledo, Ohio, states: "My trouble was good, hard, nervous, sick headaches and neuralgia of the eyes, all due to a run-down system. I heard of Dr. A. W. Chase's Nerve Pills and obtained splendid results from their use. The headaches and neuralgia disappeared when my system was built up; the nerves are steady and my whole system wonderfully benefited."

The portrait and signature of A. W. Chase M. D. the famous Receipt Book author, are on every box. 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

### THREE INJURED BY A BOMB

Policemen Tried to Throw Deadly Missile Into the River.

New York, May 7.—The explosion of a bomb, hurled into West street by a policeman, caused painful injuries to three men and threw the neighborhood, recently in a ferment over the teamsters' strike, into a state of wild excitement.

The bomb was found in the stable of one of the truckmen involved in the recent strike and removed by Patrolman Patrick McMahon, who started for the waterfront with the idea of throwing it into the river. The throw fell short and the bomb, landing on the bulkhead curbing, exploded with tremendous force.

McMahon and two stewards of the steamer Celtic were injured by flying fragments.

"Is the senator from Nevada authorized to speak for the thirty-one Democrats, when he propounds such an inquiry?"

"No," said Mr. Newlands, "because the thirty-one Democrats are powerless to accomplish anything here by taking the lead. The only way they could succeed in benefitting the country would be by following the lead of the progressive Republicans. I think if that Republican faction would get together on a programme for a revision of the tariff downward, the Democrats would respond favorably to the proposal."

"Are you making an official statement from the Democratic party, or merely a suggestion?" asked Mr. Aldrich.

Mr. Newlands replied that he spoke for himself, whereupon Mr. Cummins declared that the speeches favoring the highest duties had come from the Democratic side, so that he saw little hope of help from that quarter.

### AGAINST FEDERAL JUDGES

Charges of Impeachment to Be Filed by Congressman Murphy.

Washington, May 7.—Formal charges of impeachment against Federal Judges Phillips and McPherson of the Western district of Missouri are to be filed by Representative Murphy of that state, who made announcement of that fact immediately after the house adjourned.

Incensed over a telegram to Attorney General Wickham by Frank Hagerman, attorney for eighteen railroads, in which Mr. Hagerman characterized Mr. Murphy's resolution of inquiry into the official conduct of the two judges as "an outrageous tissue of misrepresentation," Mr. Murphy held the attention of the house with a repetition of the charges which he had made in his original resolution. His colleague, Mr. Rucker, corroborated all he said in denunciation of the action of the two judges in connection with Missouri's 2-cent passenger rate law and the maximum freight rate law. Incidentally Mr. Rucker remarked that Judge Phillips ought to have been impeached twenty years ago.

### JUDGE H. L. PALMER IS DEAD

Prominent Mason Passes Away in Milwaukee.

Milwaukee, May 7.—Judge Henry L. Palmer is dead here. His death was due chiefly to old age.

Judge Palmer was for thirty-five years president of the Northwestern Mutual Life Insurance company, with headquarters in Milwaukee. He was one of the highest members of the Masonic fraternity in the world and until a short time ago was sovereign grand commander of the supreme council Ancient and Accepted Scottish Rite of the northern jurisdiction of the United States. He was eighty-nine years of age.

## We Stand or Fall by These Clothes—\$10 to \$25

You cannot find, at any price, better style or better fit than that in CLOTHCRAFT CLOTHES. You simply can't find it. It doesn't exist.

This you can prove for yourself. You know style when you see it. You can tell when a garment fits.

But we want you to know that CLOTHCRAFT CLOTHES are good—real, down-right good—in other ways than fit and style. We do wish we could make you know how good they really are.

## Clothcraft Clothes

We Stake Our Name

on these clothes. Do you realize what that means? It means that we know that, if these clothes are not as good as we promise, you and hundreds of others will be driven away from our store.

But we are not afraid. We know the honest men who make CLOTHCRAFT. We know that they use nothing but wool, pure wool.

We know the factory—the wonderful factory, full of sunlight, full of fresh air. We know how the clothes are made.

We know the wonderful system

that reduces the cost of making. For these clothes

Save You Nearly a Third—a third in actual cash—cash that you can use for hats or shoes.

This is the only line of all wool clothes in America that sells at \$10 to \$25.

This wool and these clothes are guaranteed—the maker's guarantee as good as gold in each suit. And knowing the clothes and their makers, we add our guarantee to theirs.

These clothes will go fast—we know it. We're real proud of our allotment and we want you to see it before it's broken up. Come today.

## Eye Strain Headache

Teledo, Ohio, lady tells how her eyes disappeared with the use of Dr. A. W. Chase's Nerve Pills.

Women who use their eyes much for reading or fine needlework are sure to find eye-strain and nervous, sick headaches among the first symptoms when the nervous system gets run down.

As a positive cure for headaches, not mere relief but cure, Dr. A. W. Chase's Nerve Pills stand without a rival because they get at the cause of the trouble and build up the nervous system to health and strength. Mrs. K. Kramer, 31 Summit St., Toledo, Ohio, states: "My trouble was good, hard, nervous, sick headaches and neuralgia of the eyes, all due to a run-down system. I heard of Dr. A. W. Chase's Nerve Pills and obtained splendid results from their use. The headaches and neuralgia disappeared when my system was built up; the nerves are steady and my whole system wonderfully benefited."

The portrait and signature of A. W. Chase M. D. the famous Receipt Book author, are on every box. 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

### THREE INJURED BY A BOMB

Policemen Tried to Throw Deadly Missile into the River.

New York, May 7.—The explosion of a bomb, hurled into West street by a policeman, caused painful injuries to three men and threw the neighborhood, recently in a ferment over the teamsters' strike, into a state of wild excitement.

The bomb was found in the stable of one of the truckmen involved in the recent strike and removed by Patrolman Patrick McMahon, who started for the waterfront with the idea of throwing it into the river. The throw fell short and the bomb, landing on the bulkhead curbing, exploded with tremendous force.

McMahon and two stewards of the steamer Celtic were injured by flying fragments.
